The Cosmopolitan of Las Vegas
3708 South Las Vegas Boulevard, Las Vegas, Nevada

MESSAGE FROM YOUR BOARD OF DIRECTORS

Welcome to the 2019 Technology and Diversity for Charity gala! This event brings together technology professionals and sponsors throughout the valley to celebrate the holidays while providing an opportunity to give back to those in need within our community. Last year we raised \$60,000 for the selected community charities in addition to over 650 items donated to Project 150. Please take a walk through our silent auction and the raffle as 100% of these funds go directly to our charitable partners. Also, please take a moment to thank the representatives from each of the charitable organizations we have partnered with tonight. Each of their efforts make a difference in the lives of the children of our community.

We are supporting the following charities with the 2019 event: ITWorks, NCWIT, Apple a Day, and the Project 150 Secret Santa Program. As we continue to have record breaking events, we must thank the professional associations who co-host this annual event. We also want to share our gratitude with our sponsors for their continued generous support. Please keep this program and remember to thank and support these companies throughout the year.

We look forward to spending the evening with you and seeing you again next year. Wishing you all a joyous holiday season and a happy and healthy New Year!

SECRET SANTA PROGRAM

This year, the toy drive will benefit the Project 150 Secret Santa Program, which helps make the holidays brighter for the families of homeless teens.

Donors are encouraged to donate unwrapped toys for children of any age, gift cards, and hooded jackets sized for teens.

IT'S ALL ABOUT INSPIRING

DIVERSITY

Bella Electric Strings has rocked audiences worldwide with blistering solos, unique arrangements – not to their beauty and charm. They have performed with some of the biggest names in the

business, from Beyonce to Shakira to Andrea Bocelli, and appeared on America's Got Talent season 1. Bella Electric Strings were featured in a David Foster and Friends concert and were the featured string quartet for Richard Marx's all acoustic Las Vegas show. They also comprised most of the string sections for both the Yellow Brick Road Symphonic Rock Show and legendary rockers Deep Purple at the Pearl Theatre in Las Vegas. They have opened for a vast array of talent including Charlie Daniels and Michael Mcdonald and keep a busy corporate schedule, being one of the most sought-after acts in North America.

PERSON COMMISSION

thank you

Project 150 sincerely thanks the supporters of the Technology and Diversity for Charity Holiday Gala for their generous donation last year.

Our Mission is to offer support and services to homeless high school students in the Las Vegas area so they can stay in school through graduation and learn the life skills necessary to be successful.

HELP CHANGE A YOUNG Works PERSON'S LIFE.

ITWorks is offered free of charge to young adults, 18-26, who need a chance for a career. A career that can provide them with a future. A career in technology.

Prior to entering the program, our students are typically unemployed or underemployed, with the majority earning less than \$14,000 per year.

They emerge from ITWorks with industry-recognized certifications, hands-on experience, and the professional skills and network they need to compete for jobs in technology - jobs that will boost their income potential for life.

An Apple a Day

The mission of An Apple a Day is to bring joy into the lives of pediatric cancer patients though friendship, communication, sharing, and entertainment. When cancer treatment prevents or hinders normal childhood experiences and interaction, technology can become a welcomed bridge. This bridge also brings comfort, security, laughter, and a sense of normalcy in an otherwise scary and isolated battle.

Their vision is to provide devices (tablets, smart phones) to pediatric cancer patients ages 2-17 years-old, so that they may experience simple joys such as listening to music, FaceTime or Skype, taking pictures, text messaging, playing multi-user games, reading books, watching movies, keeping up with schoolwork . . . basically, the ability to stay in contact with family, friends, and the world,
